ARTISAN

APPETITE

As the appetite for Artisan continues, we have expanded our offering with a number of exciting new additions for 2019.

Barista's can create their very own blend of uniform with our customisable PR129 Cross-Back 'Barista' Bib Apron. Available in a wealth of colours and fabrics, this Apron is originally supplied with removable self-fabric straps that can be swapped for a choice different coloured straps for a really playful and individual look.

Our 'Espresso' Bib Apron screams 'beans' – Cocoa beans that is! Warming coffee colours, complemented by 'industrial chic' fastening features make for a truly beautiful Apron for front-of-house teams.

If you are really looking to take your uniform to the next level, choose our Faux Leather Bib Apron for design and durability. Offering a touch of luxury without the price tag, this Apron is set to be a very popular choice in 2019.

Still considered to be a vital part of any service uniform, we have introduced 'tweed-look' woollen blend waistcoat. Woven into a pleasing Herringbone pattern, this waistcoat is satin lined and backed and is a welcome addition to our range of waistcoats.

ETHICAL POLICY

CERTIFICATIONS OF COMPLIANCE

At Premier we take our Corporate Social Responsibility very seriously and we continue to invest to ensure that the long term vision for the company is sustainable in relation to the environment and the people that live and work alongside us.

We are able to provide you with copies of our certifications of compliance, so you can be assured that we are working to the highest ethical, social and environmental standards we can.

Registration, Evaluation, Authorisation and Restriction of CHemicals (REACH)

The REACH directive is a European Union regulation concerning the protection of human health and the environment from the use of chemicals during the production process. All Premier products are produced in factories that are REACH compliant.

Visit www.hse.gov.uk/reach to learn more about the REACH directive.

OEKO-TEX® Standard 100

OEKO-TEX® Standard 100 is an independent testing and certification system for textiles which highlights the use of any dangerous substances that could be harmful to human health.

At every stage of production, the majority of the Premier fabrics have passed the recognised criteria, proving that no such chemicals have been used during any stage of production. All products that are manufactured from OEKO-TEX® Standard 100 approved fabric have the logo visible on the product page on the Premier website.

Visit www.oeko-tex.com to learn more about OEKO-TEX® Standard 100 testing.

Worldwide Responsible Accredited Production (WRAP)

WRAP is an independent body which gives certification to factories that meet criteria in relation to facilities, production and working practices for employees.

All of the Premier garments that are produced outside of the United Kingdom have been made in WRAP certified factories. The garments that are produced in the UK are made in factories that adhere to 'European Agency Health and Safety at Work' regulations. All garments that are produced in WRAP certified factories have the logo visible on the product page on the Premier website.

The Business Social Compliance Initiative (BSCI)

BSCI is a leading supply chain management system that supports companies to drive social compliance and improvements within the factories and farms in their global supply chains.

Visit www.wrapcompliance.org to learn more about WRAP accreditation.
